

GC.R.23

**CIRCULAR
AD-001/2018**

To all shipowners, Operators, Hirer, Representatives of shipping companies engaged in maritime activities, Shipyards, Captains, Legal Representatives and other interested parties who, acting on behalf of ships and companies in the maritime sector, are informed as follows:

To ensure timely compliance, they should request a LRIT compliance test as soon as possible, as well as operate their LRIT navigation equipment preferably with the following authorized communication service providers (CSP), and at all cases, the equipment approved according to Resolution MSC.1 / Cir.1296 to confirm correct operation:

- Inmarsat-C
- Inmarsat-M2M
- Iridium

Application service providers (ASP) for Honduras.

The General Directorate of the Merchant Marine of Honduras establishes that the following company has been approved by the administration to carry out tests of conformity to the ASPs and to help the Shipowners and the Operators to carry out the test on board before the start of operation, later to such tests the company will issue certificates of conformity, only ships with LRIT certificate may register in the Data Center.
